As of August 29, 2014, Google has decided to intentionally break old browsers. They say it's not a bug, it's by design here, even though Google's support page says it accepts Safari 4 as a fully supported browser. If you want Google searches to go back to the modern style, you need to change your User-Agent string.

Mac OS X Hints - A community-built collection of OS X hints

Making a PDF File Accessible - Step by Step. As with any written documentation, PDF files that will be published to County web pages must first be made accessible. If receiving content from 3rd party vendors, it is recommended you insist to those vendors that they provide the document with remediation already completed.
