their operation, procedure in order to provide sufficient Abstractâ€"This research chose auditing field as a case study to investigate and evaluate the overall leadership styles effects on employee motivation.

The Effects of Leadership Styles on Employee Motivation in
Need theory, also known as Three Needs Theory, proposed by psychologist David McClelland, is a motivational model that attempts to explain how the needs for achievement, power, and affiliation affect the actions of people from a managerial context. This model was developed in the 1960s; two decades after Maslow's hierarchy of needs was first proposed in the early 1940s.

Need theory - Wikipedia
Work motivation "is a set of energetic forces [dubious â€" discuss] that originate both within as well as beyond an individual's being, to initiate work-related behavior, and to determine its form, direction, intensity, and duration" Understanding what motivates an organization's employees is central to the study of Iâ€"O psychology. Motivation is a person's internal disposition to be ...
