Recent years have seen an increase in attacks against state representatives, notably the police, across

Germany. Some perpetrators of those attacks have been found to represent an ideology that opposes the state and its representatives and, more specifically, considers the modern German state to be illegitimate.

Different communities of gun policy experts have sharply divided views on many gun policies. But are there policies for which these differences are less stark, and might such findings reveal combinations of policies that experts of every stripe could agree on? RAND researchers surveyed nearly 100 gun policy experts to try to answer these questions.
