An old master print is a work of art produced by a printing process within the Western tradition. The term remains current in the art trade, and there is no easy alternative in English to distinguish the works of "fine art" produced in printmaking from the vast range of decorative, utilitarian and popular prints that grew rapidly alongside the artistic print from the 15th century onwards.

In art history, "Old Master" (or "old master") refers to any painter of skill who worked in Europe before about 1800, or a painting by such an artist. An "old master print" is an original print (for example an engraving or etching) made by an artist in the same period. The term "old master drawing" is used in the same way.. In theory, "Old Master" applies only to artists who were fully trained ...
